

# Cequra

The Cequra is an ultra low profile integrated sounder and strobe assembly designed specifically for domestic and light commercial applications. Now incorporating microprocessor technology, the Cequra offers a range of new features.

In addition to an external polycarbonate housing, all vital components are protected within a further internal polycarbonate cover. The rear facing sounder is resistant to foam attack, and the strobe tube, tamper switch and Ni-MH battery are fully serviceable. The Cequra's engineering hold off facility mutes the sounder upon installation, eliminating unnecessary activation. System diagnostics make regular checks on the strobe, sounder and battery, immediately indicating any fault via twin LEDs.

## Features

- 360° all sound strobe effect
- Ultra low profile design
- Dual 3mm polycarbonate cover
- Selectable 3/15 minute or Intermittent fail-safe cut off timer
- Self-diagnostics with LED indication
- Engineer Hold-off facility
- Strobe tube saver mode after 1 hour of operation
- Strobe set input
- System fail output
- Siren and strobe trigger wire monitoring
- Selectable SAB/SCB
- Selectable triggering type Negative or Positive
- 5 minute walk test. Sounder operates for a 3/15 seconds instead of minutes
- Twin comfort LEDs (green)
- Battery charging LED (red)
- Steel inner cover option

**Grade 3  
Compliant**

### Available Cover Colours

### Order Code

Base: BCCEQSUPBK/CL  
Cover: BCCEQ/COV/PC/colour

## Specifications

Backplate	3mm Poly-carbonate
Inner Cover	3mm Poly-carbonate
Cover	3mm Poly-carbonate
Tamper Protection	Wall, cover and screw
Sounder type	Piezo
No. of sounders	1
Sounder output	115dB(A) @ 1m
Failsafe timer	3min / 5 min / Intermittent
Strobe type	Xenon
No. of strobes	1
Backup Battery	Ni-MH 7.2V 330mAh
Quiescent Current	40mA
Total current in alarm	360mA
Comfort LEDs	● Tamper ● Hold Off ● Battery
SAB / SCB	Yes
Trigger wire monitoring	Yes
Size	W: 185mm H: 310mm D: 70mm

### Standards

EN50131-1:2006+A1:2009	Grade 3 Environmental class IV
EN50131-4:2009	Warning device type Z

FireBrand

2Y-LINK
